THIS IS TEST DIV

3. Change the color of element which class name end with "-new"

4. Disable submit button using jquery attr method

5. Change the font size of ".target" which has parent element with id name "#main"

This is main div

This is target div under main

This is p

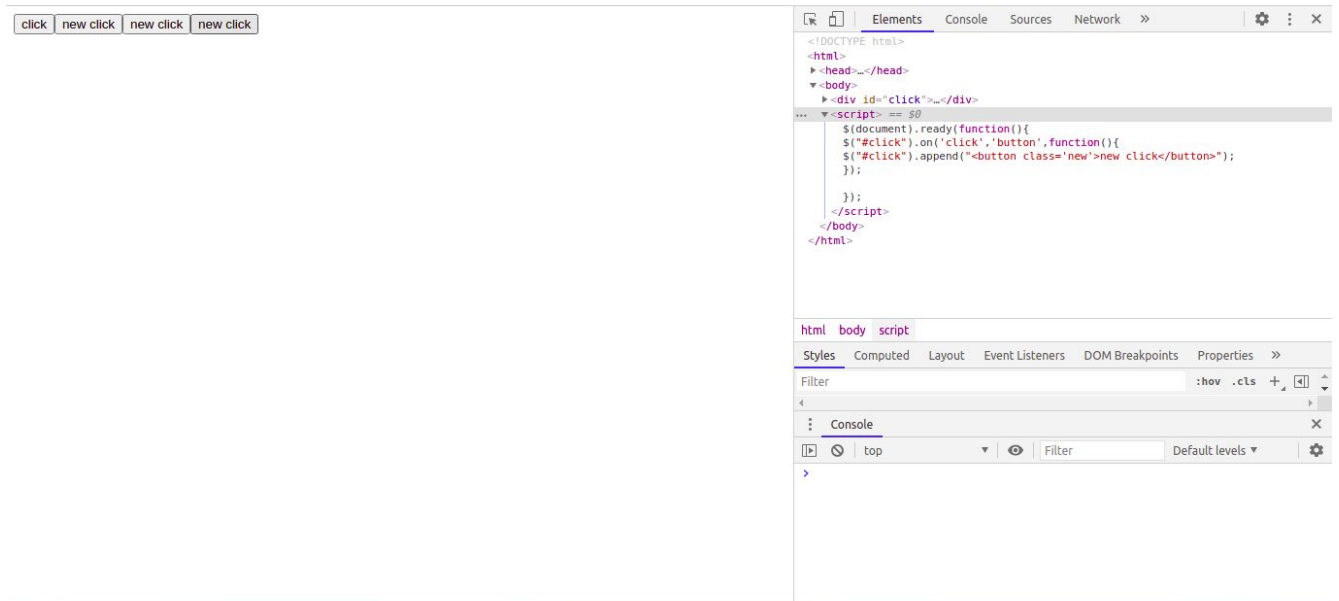

6. After page load change the HTML of div element with "p" element

p tag now

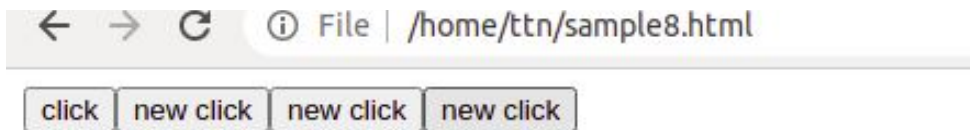

p tag now

p tag now

7. Bind a click function to an "click" element and append next "click" next to it

8. Click event not working on element which added dynamically or via script, make it work using .on method

9. Get dropdown selected value on onchange event and append in div container

Choose value

p tag in div

normal text in div first first first

10. Create a dropdown menu using hover method in jquery

hover

- [sample](#)
- [sample1](#)

12. We have bind a click funtion to parent div but we want stop it from performing when user clicks on its child li

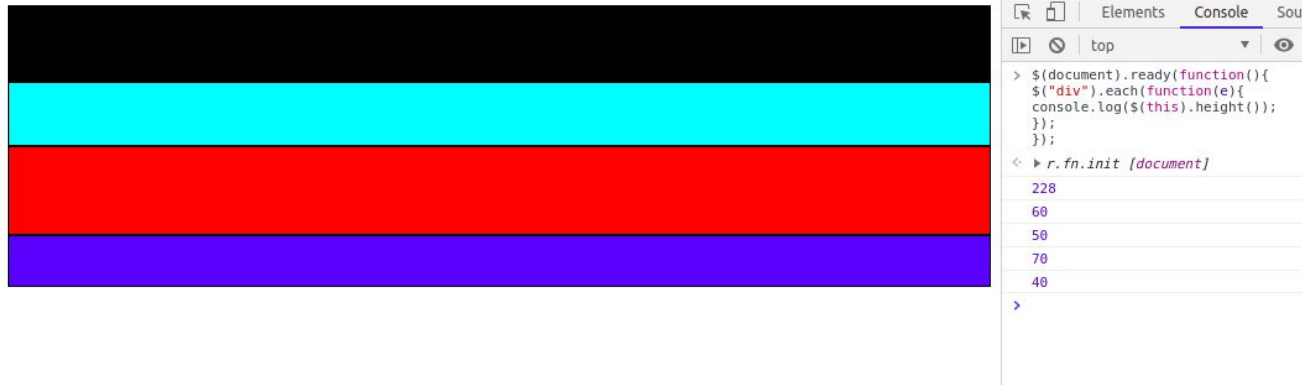

parent p

child p

newly added p tag

newly added p tag

13. Get the max height of elements using jquery each method

The screenshot shows a web browser with four horizontal bars of different colors: black, cyan, red, and blue. To the right of the browser window, the jQuery console is open, displaying the following code and output:

```
> $(document).ready(function(){
  $("div").each(function(e){
    console.log($(this).height());
  });
});
< ▶ r.fn.init [document]
228
60
50
70
40
>
```

14. Change color of every cell which has number larger than 10.

Marks	Name
11	abhishek
10	ram
9	raj
14	vansh
8	abhinav
15	dhruv

15. Retrieve the data from server using ajax get call

```
{"userId":1,"id":1,"title":"sunt aut facere repellat provident occaecati excepturi optio reprehenderit","body":"quia et su  
quas totam\annostrum rerum est autem sunt rem eveniet architecto"}
```

submit form

16. Add cross button on row and bind click function which make a delete request to server, after success event remove the row from dom

11	abhishek
10	ram
9	raj
14	vansh
8	abhinav
15	dhruv

CROSS

17. Create a image array and in div create a slide show to animate images of delay of 500ms.
